Book title form

Reusable Create / Edit BookTitle layout · Edit example: BT-001

Title-level information only
Use this same form for Create or Edit. Create starts with blank values; Edit preserves the saved title. Add physical copies separately under Manage Copies.

Catalog information

Fields marked * are required. Validation messages appear beneath each field; a summary appears above the form if saving fails.

Title *
The Midnight Library
Required. Enter the title as it appears on the book.

Authors *
Matt Haig
Separate multiple authors with a semicolon.

ISBN (optional)
9781786892737
Validation message area for an invalid ISBN.

Description
Between life and death, Nora Seed discovers a library of lives she could have lived. Each book offers a different path, inviting her to reconsider regret, possibility and what makes a life worth living.

Categories * · Select one or more
☑ Fiction ☐ Science ☐ History
☑ Fantasy ☐ Philosophy ☐ Biography
☐ Science fiction ☐ Children
Validation message area: select at least one category.

Primary category *
Fiction
Must be one of the selected categories. Current options: Fiction, Fantasy.

On validation failure, keep all entered values and display the relevant errors. See S01 for the compact validation state.

Book Management / The Midnight Library / Manage Copies

Book details and copies

Keep shared title metadata separate from the condition and lending status of each physical copy.

Parent title · BT-001

The Midnight Library
Matt Haig · ISBN 9781786892737
Categories: Fiction, Fantasy · Primary: Fiction
Between life and death, Nora Seed discovers a library of lives she could have lived. Each book offers a different path, inviting her to reconsider regret and possibility.

3 total copies · 0 currently borrowable

Physical BookCopies

Each row is one physical item with a unique copy ID. Lending status is distinct from physical condition.

Unique copy ID	Lending status	Physical condition	Loan / allocation	Actions
ML-001	On loan	Good	Marko Babić · M-1088 Due 29 Oct 2026 · L-3020	Edit · Withdraw
ML-002	On loan	Worn	Sara Novak · M-1105 Due 04 Nov 2026 · L-3021	Edit · Withdraw
ML-003	Allocated	Good	Ivan Jurić · M-1130 Pickup by 01 Nov 2026, 15:00	Edit · Withdraw

Withdraw is unavailable while a copy is on loan or allocated. Returned eligible copies are allocated to waiting reservations before they become borrowable.

Add / Edit physical copy

Add example shown. For Edit, keep the existing copy ID and populate its condition and notes.

Unique copy ID *
ML-004
Must be unique across all physical copies.

Physical condition *
Good
Options: Good, Worn, Damaged.

Condition notes (optional)
New copy; no visible damage.

Lending status is system-managed
Saving an eligible new copy checks the title’s waiting queue first. Do not manually mark a reserved or loaned copy as Available. No copy has been added in this example yet.

Circulation and reservations

Librarian-operated physical checkout and return · 29 October 2026

Checkout

Select the member first, then an eligible physical copy. Only the librarian completes checkout.

Member *
M-1042 · Ana Kovač
Search by member ID or name.

Eligible physical copy *
LHD-003 · The Left Hand of Darkness
Available copy, or a copy allocated to this member.

Checkout date
29 Oct 2026
System date; not editable.

Calculated due date · 21 days
19 Nov 2026
Standard lending period.

Eligible to borrow · 4 of 5 active loans
This checkout would use the final available loan slot (5 of 5). Outstanding fine: €1.20. Outstanding fines alone do not block borrowing.

Restriction feedback area: reject a sixth active loan, an inactive member, a copy already on loan, a withdrawn/damaged copy or a copy allocated to someone else. Preserve the selection and explain the restriction.

Return

Locate an active loan, inspect the physical copy and process its return at the desk.

Copy ID or loan ID *
ML-001

Located active loan	Member	Borrowed / due	Fine at return
L-3020 · ML-001 The Midnight Library	M-1088 · Marko Babić	08 Oct 2026 / 29 Oct 2026	€0.00

Physical condition after return *
Good

Return date
29 Oct 2026

After processing · return recorded at 16:10
ML-001 was returned in Good condition. Loan L-3020 is closed with €0.00 fine. The system automatically allocated ML-001 to Ana Kovač, the next waiting member. Pickup deadline: 01 Nov 2026, 16:10 (3 days). It is not generally borrowable.

Validation area: if no active loan is found, show “No active loan found for this copy or loan ID.” No return is recorded until the librarian processes it.

Reservations · FIFO queue

After-return example for The Midnight Library. Allocated reservations are separate from the waiting queue.

Book title
BT-001 · The Midnight Library

Member / requested	Status	Waiting position	Allocated copy	Pickup deadline
Ivan Jurić · M-1130 23 Oct 2026, 09:00	Allocated	—	ML-003	01 Nov 2026, 15:00
Ana Kovač · M-1042 25 Oct 2026, 10:20	Allocated after return	— (was 1)	ML-001	01 Nov 2026, 16:10
Mia Radić · M-1161 27 Oct 2026, 11:45	Waiting	1 (was 2)	—	Not allocated

Only titles with zero borrowable copies accept reservations. Eligible returned copies go to the next waiting request in FIFO order. Allocation is not checkout; a librarian checks out the allocated copy when the member collects it.

Fine calculation
€0.20 per overdue calendar day per loan. A return ends further accrual for that loan. Outstanding fines alone are not a borrowing restriction.

AI-assisted acquisition review

Review member requests. Google Gemini offers advice; the librarian confirms all classifications and decisions.

Pending member suggestions

3 requests awaiting a human decision · Selected: PS-204

Suggested title / author	Member	Submitted	Status	Action
The Book of Why Judea Pearl & Dana Mackenzie	Ana Kovač M-1042	27 Oct 2026	Pending	Selected
Braiding Sweetgrass Robin Wall Kimmerer	Mia Radić M-1161	28 Oct 2026	Pending	Review
The Overstory Richard Powers	Marko Babić M-1088	29 Oct 2026	Pending	Review

Original member suggestion · PS-204

Submitted by Ana Kovač on 27 Oct 2026. Original member content is not changed by AI.

The Book of Why · Judea Pearl & Dana Mackenzie

“I would like a readable introduction to cause and effect. This book could help readers understand how causal reasoning differs from correlation and why that matters in science and everyday decisions.”

AI advice · Google Gemini

Advisory output only. These proposed categories are not saved until the librarian confirms them.

Suggested category	Simple reason
Science · suggested primary	The request describes causal inference, scientific reasoning and the distinction between correlation and cause.
Philosophy	The book discusses the meaning of causal explanations and how people reason about evidence.

Confirm or override classification
☑ Science ☑ Philosophy ☐ History ☐ Biography ☐ Fiction

Primary category
Science
Must belong to the selected categories. Edit the choices before confirming.

Possible duplicates · catalog evidence

AI flags possible matches. The titles and identifiers below are existing catalog facts; the librarian decides whether each is a duplicate.

Existing catalog title	Match explanation	Human review
The Book of Why · BT-014 Judea Pearl & Dana Mackenzie ISBN 9780141982410	Same title and authors as the request. Likely an existing edition; verify the requested book against this catalog record.	Confirm Duplicate Dismiss Warning Not reviewed
Causality · BT-015 Judea Pearl ISBN 9780521895606	Same subject and one shared author, but a different title. Related content alone does not establish a duplicate.	Confirm Duplicate Dismiss Warning Not reviewed

Alternate AI state · unavailable or pending
“AI advice is currently unavailable or still pending. Review the original request and catalog manually.” Human review remains available; no categories, duplicate findings or decisions are automatically confirmed.

Final human decision

Separate from AI advice and classification. A librarian must explicitly save the review.

Decision *
Leave Pending
Options: Approve, Reject, Leave Pending. No automatic approval or purchase.

Librarian explanation

Record the reason for the decision. This response is visible in the member’s suggestion history.

Current saved status: Pending. An approval records the librarian’s review outcome; it does not buy a book or create copies.
